Getijden zijn ook op verschillende manieren van het internet te halen <http://getij.rws.nl>

Je kunt ook de app : het getij - waterstanden Nederlanden downloaden

Het getijde, tij of getij is de periodieke wisseling van de waterstand, en de daarmee samenhangende getijstroom, die op Aarde optreedt als gevolg van de zwaartekracht van de maan en, in mindere mate, die van de zon.

Alle inlichtingen worden zo nauwkeurig mogelijk verstrekt.
